Our Skills, Our Future

The skills mix of the future is changing for employers and individuals. Our Skills, Our Future offers new insights to how women can be central to this opportunity.

Learn from leaders
- How robotics and AI are shaping the world of work
- LinkedIn talk about the shape of the jobs market and the skills which are needed into the future
- Amazon will share exciting new research into women in innovation
- Professor Gina Rippon talks about her new research from the Gendered Brain

Be inspired
- Hear from inspirational women using new skills and approaches at all stages of their careers
- Learn new skills to enhance your career

Get involved
- Take practical tips from peers who have addressed their gender balance through recruitment, cultural change and strategic planning

Network
- Mix with people from across STEM

Ticket cost: £150+VAT. This includes access to all sessions on the WISE Conference agenda, lunch and light refreshments throughout the day. WISE member organisations receive a 10% discount with every ticket purchase. To claim your discount, you need your WISE member discount code. To access your exclusive code contact the WISE office on 0113 222 6072 or contact your WISE Membership Account Manager.
